A native of Hartford, CT Tony developed a love for all forms of music at an early age.

His passion for performing and his interest in the arts grew upon entering high school where he joined the concert choir and became a featured soloist. Tony's talent demanded other forums and he was selected to join the Greater Hartford Youth Chorale for his junior and senior years in high school.

Following completion of his Bachelor Degree in Sociology at the University of Hartford, Tony began collaborating with his cousin, producer Yasha Barjona. They wrote two songs dedicated to his father who was ill with cancer titled, "A Good Friend Is Hard To Find" and "I Can Never Repay Your Love".

"Sounds of the Northend", "Surroundings", "Inner Fusion" and "Tony Harrington and Touch "are the groups Tony has performed. The seven piece "Tony Harrington and Touch Band" continues to perform all over New England and New York and have made regular appearances at Mohegan Sun and Foxwoods Resort Casino. As Tony Harrington and Touch was taking off he began performing as an anthem vocalist. His anthem repertoire includes the Russian, Canadian and American National anthems. He is best known for his rendition of the National Anthem sung before Hartford Whaler's games. Tony has also performed the National Anthem for the Hartford Wolf Pack, New England Blizzard, Boston Celtics, New York Knicks, World Cup of Hockey in Montreal, WBC World Welterweight Boxing Championship between Marlon Starling and Too Su Kim, and for four years at the September 11th Memorial Remembrance Ceremony.

Tony's broad background extends from gospel to R&B to jazz. His high energy performances have made him a favorite in his home state and beyond! Tony Harrington and Touch can be seen performing at some of the most auspicious and celebrated events in the region.

Tony Harrington has developed a smooth melodic style that is all his own. His vocal talent can be heard on the single "Spend My Life" on the album by world renowned saxophonist, Marion Meadows.

Tony's talents have made him a world class performer and the consummate competitor. He was inducted into the University of Hartford Sports Hall of Fame for Football and Wrestling in 2004. As a third year Doctoral student at the University of Hartford in Educational Leadership he advises and mentors students to keep their goals in sight and live up to their potential. And he is the perfect example of that life lesson as he makes his own dreams come to life. \*\*\*\*
